**NEW BASALT INTEGRATED HEALTH CENTER GRAND OPENING
JANUARY 7**

Integrated Medical, Dental and Behavioral Health for All

By Garry Schalla, Development Director

We're excited to be planning the grand opening for our new Basalt Integrated Health Center on Monday, January 7th, 2019. Mountain Family is starting our move into the new Basalt Integrated Health Center after construction crews put on the finishing touches earlier this month. The Basalt Integrated Health Center will increase our capacity to serve Roaring Fork Valley families with the relocation and expansion of the Basalt health center to a 9,000 square-foot state-of-the-art facility at 123 Emma Road. For the first time, Roaring Fork Valley families will be able to access integrated primary medical, dental and behavioral health (mental health and substance use disorders) services in one health care home. The expanded location and services will allow Mountain Family to provide integrated care for 3,700 patients annually, an 85% increase over current capacity.

THANK YOU FOR YOUR SUPPORT ON COLORADO GIVES DAY

More than \$12,000 in Donations Will Be Matched

By Garry Schalla, Development Director

Thank you to our supporters and donors who gave more than \$12,000 during Colorado Gives Day on Tuesday, December 4th. Donations will be matched by the Aspen Skiing Company-Caring for Community Fund in support of the new Basalt Integrated Health Center and expansion of medical, dental, and behavioral health services for Roaring Fork Valley residents and workers.

HOW WE'RE DOING

New Basalt Integrated Health Center Opens January 7th

Our latest [Impact Report](#) is a testament to the commitment, passion and vision of our Board of Directors, staff, community, and funding partners. Mountain Family has made important progress in providing access to care for all, regardless of economic or insurance status, ethnicity or race, as we believe access to affordable health care is a basic human right. Our new Impact Report features the new Basalt Integrated Health Center, with insight from Jenny Lang, Family Nurse Practitioner and Site Medical Director for Glenwood Springs & Edwards health centers.

"For all my 17 years at Mountain Family, the Roaring Fork Valley has desperately needed more affordable health care-especially primary medical care integrated with dental and behavioral care.

Our hard work towards that goal is finally paying off, thanks to the support of community members like you. Opening very soon, the new Basalt Integrated Health Center will expand our medical and behavioral services, and it will finally include a dental clinic. Located just off Highway 82, this new center will serve more than 3,700 patients each year, providing affordable, high quality care for all.

At facilities like this, Mountain Family makes miracles happen every day. Everyone here plays an incredible role in improving people's lives, and sometimes even saving them. I have been lucky to serve our many patients and to call Mountain Family my family. This is why I urge you to become part of Mountain Family's future with a donation to the Basalt Integrated Health Center, helping us staff and

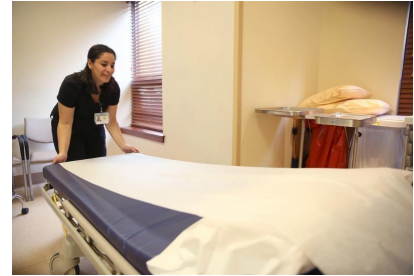

equip this wonderful new community asset. Please [learn more and donate here](#) or call (970) 945-2840."

MOBILE DENTAL VAN BASED AT GLENWOOD SPRINGS HEALTH CENTER

Dental Services at New Basalt Integrated Health Center

The Mountain Family Health Centers Mobile Dental Van will be moving full time to our Glenwood Springs health center starting January 1st, 2019. The van is moving to our Glenwood Springs health center because dental services will be available at our new Basalt Integrated Health Center. Patients with questions about receiving dental care at the Mobile Dental Van or our new Basalt Integrated Health Center can call 970-945-2840.

TESTIMONIAL: MATTHEW HAMILTON

In Their Own Words

"The Basalt clinic will provide critical services for thousands of Mountain Families patients in an easy to access facility and does it all at an affordable cost. With medical costs skyrocketing and people's lives only getting busier opening this clinic is a testament to our community's commitment to whole patient wellness."

- Matthew Hamilton, Sustainability Director, Aspen Skiing Company
